## SUMMARY

---

I am a person with enthusiasm and professional experience in the IT field as a Fullstack Web Developer for 8 months and 4 months as an IT Project Manager. I have developed various web applications that are not only functional but also efficient and user-friendly, both for independent and corporate projects. With expertise in Laravel, I am adept at managing the entire application development cycle, from back-end to front-end. As an IT Project Manager, I lead the team to complete projects on time with high quality standards, integrate modern technology, and implement best practices in project management.

## TECHNICAL SKILLS

---

**Programming Languages:** HTML, CSS, Javascript, PHP, MySQL, PostgreSQL

**Libraries & Tools:** Laravel, jQuery, Bootstrap, yajra DataTables, Git & GitHub, Postman, Composer

**Hardskills:** Web Development, Database Management, RESTful API, Version Control, Debugging, Agile Method, Project Management

**Softskills:** Leadership, Problem Solving, Collaboration, Analytical Thinking, Time Management, Adaptability, Communication

## EXPERIENCE

---

### IT Project Manager

*Kawan Kerja*

Sept 2024 – Jan 2025

*Bandung, ID*

- Lead and manage IT projects from start to finish, including planning, organizing and controlling all aspects of the project.
- Determine the project scope, objectives, and budget, and develop detailed plans to achieve set targets.
- Manage cross-functional project teams, including developers, analysts, designers, and testers, and allocate resources to maximize efficiency.
- Communicate regularly with internal and external stakeholders to report on project progress, obstacles encountered, and milestones achieved.
- Identify and manage project risks, and develop mitigation strategies to ensure smooth project implementation.
- Prepare complete project documentation, including progress reports, schedules, and ensure projects are completed on time and within budget.
- Ensure all deliverables comply with established quality standards and meet client requirements.
- Apply Agile and Scrum methodologies to all projects, increasing delivery speed and team collaboration.
- Leading and managing 9 IT projects simultaneously, from planning, implementation, to completion. These include the ENGLISH, RAMADHAN, KALKULATOR ZAKAT, KAWAN QUR'AN, KAWAN BAYAR, TA'ARUF ONLINE, SAPA, BARCHERRY, and MUHAMMAD projects
